Education

- 2026– **PhD in Statistics**, *Bocconi University*
- 2023–2025 **Master's Degree in Stochastics and Data Science**, *University of Turin*, Grade: 110/110 cum laude
Thesis title: Computational Methods for Bayesian Poisson Regression
- 2020–2023 **Bachelor's Degree in Economics**, *University of Pisa*, Grade: 110/110 cum laude
Thesis title: Calendar Anomalies in the Cryptocurrencies Market

Summer school

- 2026 **Finnish Summer School on Probability and Statistics**, *Finnish Doctoral Education Network in Stochastics and Statistics*
- 2025 **Scuola Matematica Intrauniversitaria**, *University di Perugia*
Prof. Carla Manni (Univ. of Rome Tor Vergata), Jarosław Mederski (Inst. of Mathematics Polish Academy of Sciences)

Teaching Experience

- 2024–2025 **Teaching Assistant**, University of Turin
Teaching assistant for Probability and Statistics (BSc in Mathematics for Finance and Insurance) and for Statistics (BSc in Mathematics)

Conference Presentations

- 2026 **StaTalk**, University of Torino
Talk: *An approximate Pólya-Gamma Gibbs Sampler for Bayesian Poisson Regression*

Computer skills

Coding	R, Python (good knowledge), SQL, Matlab (basic knowledge)	Miscellanea	Familiarity with Windows and good knowledge of the Microsoft Office suite and Latex
--------	---	-------------	---

Languages

Italian	Mothertongue
English	B2
